## About Us

THX® and CEDIA® have recognized the credibility of our brand, publishing Intainium as being 'Cutting Edge' and delivering the best home cinema experiences possible.

Since 1984, our expert team of Designers, Engineers and Craftsmen have been creating best-in-class home entertainment rooms, cinemas and recording environments for our clientele.

Recently, Intainium and Ariel Muller Designs, (AMD - who are World renowned for their 'best of the best' interior design team) have joined forces to create outstanding home cinema design options for our respected clients and enthusiasts Worldwide.

Our clients truly experience harmony between their room interiors and audio / video equipment, without the costly need for time consuming room commissioning, equalization and often crafty A/V equipment sales 'upsell' techniques. And, our installations take days, not months, which means huge savings kicked back to our clients in time and labour. Which our clients really appreciate!

Please call 416-619-4428 to book your appointment, and a home cinema experience of a lifetime.

# Essence

A mod cool vibe lets you know that you've arrived!

This is your space, your escape.

Clean and sophisticated, the precision and attention to detail is inspiring.

Charcoal grey acoustic ultrasuede panels give you the ultimate look and sound. Modern vertical pilasters create a sense of order & rhythm, enhancing

the design while giving an architectural framework for the luxe acoustic panels, LED cinema lighting, and rich furnishings.

The clean aesthetic adds a custom tailored feel to complement the well engineered entertainment cabinetry.

The supple leather chairs recline at the touch of a button for the ultimate in home theater comfort.

*Available in fabric and ultrasuede packages.*

*Contact Intainium for our current **Ariel Muller** collection.*

# Prestige

Classic comfort envelops you in this stately traditional home theater.

Walnut stained maple wood frames and each acoustic ultra suede panel give you the richest look and sound.

Rectangular vertical pilasters create a sense of order & elegance enhancing the design while giving an architectural framework for the luxe acoustic panels, LED cinema lighting and rich furnishings.

Crown mouldings and wood trim add a custom tailored feel to complement the well detailed entertainment cabinetry.

The supple leather chairs recline at the touch of a button for the ultimate in home theater comfort.

*Available in fabric and ultrasuede packages.*
